RE COPY
CIRCULATE

1. A radar station has been erected at a spot situated about 6 km east of Kolobrzeg (Kolberg - 54° 11' N 15° 35' E), and occupied by the Russians. The work was completed [redacted]. As soon as the 50X1-HUM station was completed, WOP posts in all ports received orders to report to the Russians the sailing of every fishing cutter or boat, and to indicate the exact place where fishing would take place.
2. Twelve Soviet airmen arrived [redacted] at the Air Force School near Slupsk (54° 27' N, 17° 02' E)*. Officially they were supposed to be instructors. The Polish command of the airfield placed a separate radio transmitting and receiving station and 4 YAK aircraft at their disposal. The 4 YAK's are kept in a constant state of readiness with machine guns fixed (sic) and supplied with ammunition; they are stored in a separate hangar apart from the other craft on the field.

* [redacted] Comment: Both Slupsk/Rojece airfield and Slupsk/West have been reported [redacted] as being occupied by Soviet units. To what field this report has reference cannot be determined.
